## **November 2025**

# **From Principal's Desk**

***Every school year presents us with moments that remind us why education is much more than textbooks and classrooms. It is about nurturing young minds, shaping character, and creating experiences that students carry with them for life. One such memorable experience for our school community was our recently concluded Annual Sports Day.***

***As a school committed to holistic development, we believe that sports and academics go hand in hand. The focus, discipline, and perseverance shown on the field strengthen our students' academic growth and help them become well-rounded individuals.***

***My sincere appreciation goes to our teachers, coaches, and support staff for their dedicated efforts, and to our parents for their continuous encouragement. Congratulations to all our participants and winners for making the event truly memorable.***

***Let us carry this spirit of excellence into our academic and co-curricular pursuits in the months ahead.***

***"Success is not the final destination; it is the courage to keep moving forward that truly defines us.***

***-Principal***
